Summary — Motivated full-stack developer with practical experience in the MERN stack. Passionate about creating scalable, responsive web applications with clean UI and robust backend logic.

Education

Budge Budge Institute of Technology, Kolkata
B.Tech in Computer Science and Engineering (MAKAUT) *CGPA: 8.45*

Kalighat High School, Kolkata
Higher Secondary – WBCHSE *Percentage: 64%*

Bani Bhawan High School, Kolkata
Secondary Education – WBBSE *Percentage: 68%*

Technical Skills

Frontend:	HTML5, CSS3, JavaScript
Backend:	Node.js, Express.js, Java, Python
Databases:	MongoDB, MySQL
Version Control:	Git, GitHub

Technical Training

MERN Stack Full-Stack Web Development

Vector Institute, Hyderabad

– Learned full-stack development using MongoDB, Express.js, React.js, and Node.js.
– Built interactive mini projects covering authentication, routing, and API integration.
– Gained confidence in frontend architecture and backend RESTful development.

Projects

TravellersHub

– Built an Airbnb-style full-stack application with property listings and booking flow.
– Used React for UI, Node.js/Express for backend APIs, and MongoDB for data storage.

Electricity Billing Management System

– Developed a Java-based desktop application for billing with a user-friendly GUI.
– Implemented customer records, monthly calculations, and admin access modules.

Spotify Webpage Clone

– Created a visually accurate Spotify landing page using HTML, CSS, and JavaScript.
– Focused on layout replication, styling, and responsiveness.

Certificates

– Web Development Certificate – Apna College ()
– Microsoft Azure Fundamentals – Cloud Computing ()
